

FAQs

Q. Do you intend for *The Gubbins Club: The Legend of Charlie's Gold* to be part of a series?

A. Absolutely. *The Gubbins Club: The Legend of Charlie's Gold* is the first in a series of middle-grade adventure novels. While each adventure does stand on its own and can be enjoyed without reading any other books in the series, there is one particular story arc, a mystery, which is introduced in this first book and will carry through the entire series.

Q. Is the gold of Bonnie Prince Charlie a real lost treasure?

A. Indeed it is. There is basis in historical fact that large quantities of gold were sent to Scotland years ago to support Bonnie Prince Charlie and the Jacobite cause. The gold arrived, but exactly where it went after that is one of history's great mysteries.

Q. Will all of *The Gubbins Club* books be about lost historical treasures?

A. Of course. Who doesn't like a good treasure hunt? And what is cooler than five kids who are smart enough to find things that no grown-up has been able to?

Q. Do you really think Robert Louis Stevenson found Bonnie Prince Charlie's Gold and reburied it for Lloyd Osborne to find?

A. Maybe. Stevenson was an incredible storyteller and had a great fascination with adventure. Who knows what he may have discovered on one of his long walks through the Scottish countryside?
